

## Coaxial cable

### JBCRG58CUMIL\*

**Construction** RG58C/U type, 50 Ohm, Mil-C-17G coaxial cable, 19/0.182 tinned copper, solid polyethylene, 95% braid, black PVC sheath

**Outside diameter** 4.95mm

**Pack Sizes** 100m and 500m spools

### JBCRG59CCTV\*

**Construction** RG59B/U type, 75 Ohm, closed circuit television (CCTV) cable, 1/0.6 plain annealed copper, solid polyethylene, 85% braid, black PVC sheath

**Outside diameter** 6.1mm

**Pack Sizes** 100m, 250m and 500m spools

### JBCRG59PREM\*

**Construction** RG59B/U type, 75 Ohm, closed circuit television (CCTV) cable, 1/0.6 plain annealed copper, solid polyethylene, 95% braid, black PVC sheath

**Outside diameter** 6.2mm

**Pack Sizes** 100m and 500m spools, 300m box

### JBCRG59DS\*

**Construction** RG59B/U type, 75 Ohm, 1/0.80 plain annealed copper, foamed polyethylene, aluminium foil screen, 95% tinned copper braid, PVC sheath

**Outside diameter** 6.0mm

**Sheath Options** black, blue, green, red, white (Equivalent to Belden 1505)

**Pack Sizes** 300m box

### JBCRG59MAX\*

**Construction** RG59B/U type, 75 Ohm, 1/1.0 plain annealed copper, 95% plain annealed copper braid, black PVC sheath

**Outside diameter** 6.2mm

**Pack Sizes** 250m and 500m spools

### JBCRG6QUAB\*

**Construction** RG6, 75 Ohm, 1/1.0 copper clad steel conductor, aluminium foil, 60% tinned copper braid, aluminium foil, 40% tinned copper braid, black PVC sheath

**Outside diameter** 5.1mm

**Pack Sizes** 100m and 300m spools, 300m box

### JBCTVCOAX\*

**Construction** 75 Ohm air spaced domestic TV coax, 1/1.0 bare plain annealed copper, polyethylene, aluminium foil screen, 35% bare copper braid, black PVC sheath

**Outside diameter** 6.6mm

**Pack Sizes** 100m and 500m spools

### Other Coaxial cables available

RG213, RG6 Quad, RG11 Quad Shield

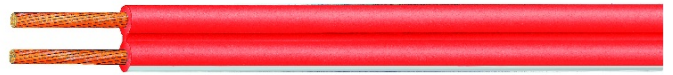

## LAN cable

### JCAT5E

**Construction** Category 5e (enhanced), 4 pair, 1/0.5mm bare copper, polyolefin insulated, unshielded twisted pairs, blue PVC sheath. Available in grey, green, yellow and red PVC sheath

**Pack Sizes** 305m and 500m box

## Figure 8 cable

### JSF.5xx\*

**Construction** Figure 8, 14/0.20mm plain annealed copper, PVC insulated

**Outside diameter** 1.8mm x 4.3mm

**Pack Sizes** 100m and 500m spools

**Colour combinations** brown with black trace, black with white trace, grey with black trace, white with black trace

### JSF.75xx\*

**Construction** Figure 8, 24/0.20mm plain annealed copper, PVC insulated

**Outside diameter** 2.9mm x 5.9mm

**Pack Sizes** 100m, 250m and 500m spools

**Colour combinations** black (no trace), black with white trace, blue with black trace, blue with white trace, brown with black trace, brown with white trace, grey with black trace, grey with blue trace, grey with white trace+, red with black trace+, red with white trace, white (no trace), white with black trace+

+ Also available in 250m spools

### JSF1.0CL1

**Construction** Figure 8, 91/0.12mm, one plain annealed copper and one tinned copper conductor, PVC insulated. Clear sheath.

**Outside diameter** 2.6mm x 5.7mm

**Pack Sizes** 100m spool

### JSF2.0CL\*

**Construction** Figure 8, 64/0.20mm, one plain annealed copper and one tinned copper conductor, PVC insulated. Clear sheath.

**Outside diameter** 3.4mm x 7.0mm

**Pack Sizes** 100m and 500m spools

### JSF2.6CL1

**Construction** Figure 8, 84/0.20mm plain annealed copper, PVC insulated. Clear sheath. One core marked with red stripe

**Outside diameter** 4.0mm x 8.3mm

**Pack Sizes** 100m spools

## Composite cable

### JCOMP\*

**Construction** RG59B/U coaxial cable (1/0.574 plain copper), 95% plain annealed copper braid, with 2 x 24/0.20mm plain annealed copper PVC flexible cores, laid parallel, overall black PVC sheath

**Outside diameter** 7.8mm x 13mm

**Pack Sizes** 100m, 250m and 500m spools

### JCOMP85B\*

**Construction** RG59B/U coaxial cable (1/0.574 plain copper), 85% plain annealed copper braid, with 2 x 24/0.20mm plain annealed copper PVC flexible cores, laid parallel, overall black PVC sheath

**Outside diameter** 7.8mm x 13mm

**Pack Sizes** 100m, 250m and 500m spools

## Screened security cable

### JD2PIS\*

**Construction** 2 pair individually screened, 7/0.25mm tinned copper, black and red under an aluminium foil shield, green and white under an aluminium foil shield, 7/0.20mm tinned copper drain wire, grey PVC sheath

**Outside diameter** 4.2mm

**Pack Sizes** 100m and 500m spools, 300m box

### JD2PISFP\*

**Construction** 2 pair individually screened, 7/0.25mm tinned copper, black and red under an aluminium foil shield, green and white under an aluminium foil shield, jelly filled, 7/0.20mm tinned copper drain wire, black polyethylene sheath

**Outside diameter** 4.8mm

**Pack Sizes** 300m box

### JSS.5GY4C\*

**Construction** 4 core, 14/0.20mm plain annealed copper, PVC insulated, aluminium foil screen, drain wire, grey PVC sheath

**Outside diameter** 5.6mm

**Core colours** Red, blue, white, black

**Pack Sizes** 100m and 500m spools

### JSS.5GY7C\*

**Construction** 7 core, 14/0.20mm plain annealed copper, PVC insulated, aluminium foil screen, drain wire, grey PVC sheath

**Outside diameter** 6.8mm

**Core colours** Red, blue, white, black, orange, green, yellow

**Pack Sizes** 100m and 500m spools

## Internal telephone cable

### TINT002\*

**Construction** 2 pair, 1/0.5mm plain annealed copper conductor, PVC insulated, PVC sheath. Category 3 rated.

**Outside diameter** 4.1mm

**Pack Sizes** 100m spools and 300m box

### TINT003\*

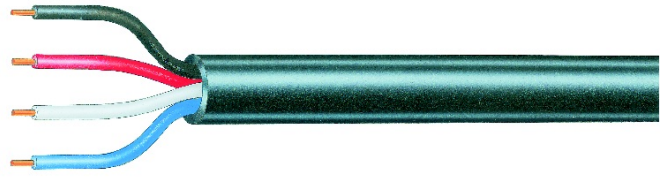

**Construction** 3 pair, 1/0.5mm plain annealed copper conductor, PVC insulated, PVC sheath. Category 3 rated.

**Outside diameter** 4.6mm

**Pack Sizes** 100m spool and 300m box

### Other telephone cables available

10, 20, 25, 50 and 100 pair internal (rated to Category 3)  
Jumper wire (blue/white and green/white)

## Unscreened security cable

### JSC.2xx4C\*

**Construction** 4 core, 7/0.20mm plain annealed copper, PVC insulated, PVC sheath

**Outside diameter** 3.6mm

**Core colours** Red, blue, white, black

**Pack Sizes** 100m and 300m box

**Sheath colours** 4 and 6 core cables available in brown, grey and white

### JSC.2xx6C\*

**Construction** 6core, 7/0.20mm plain annealed copper, PVC insulated, PVC sheath

**Outside diameter** 4.9mm

**Core colours** Red, blue, white, black, yellow, green

**Pack Sizes** 100m and 300m box

### JSC.5xx4C\*

**Construction** 4 core, 14/0.20mm plain annealed copper, PVC insulated, PVC sheath

**Outside diameter** 4.7mm

**Core colours** Red, blue, white, black

**Pack Sizes** 100m and 500m spools, 300m box

### JSC.5xx6C\*

**Construction** 6 core, 14/0.20mm plain annealed copper, PVC insulated, PVC sheath

**Outside diameter** 5.6mm

**Core colours** Red, blue, white, black, yellow, green

**Pack Sizes** 100m, 250m and 500m spools, 300m box

### JSC.5xx8C\*

**Construction** 8 core, 14/0.20mm plain annealed copper, PVC insulated, white PVC sheath

**Outside diameter** 6.9mm

**Core colours** Red, blue, white, black, violet, yellow, green, brown

**Pack Sizes** 100m and 500m spools

## LEGEND

\* = Pack size code

1	100 metre spool
25	250 metre spool
5	500 metre spool
B20	200 metre spool
B30	300 metre pull pack
A30	300 metre spool

xx = Sheath colour
